

Donation to Support Relief Activities in Ukraine

~ JPY 12,051,200 in Combined Donations from m3.com Members, Matched by M3 ~

M3, Inc. (Headquarters: Tokyo, Japan; CEO: Itaru Tanimura; URL: <https://corporate.m3.com/>) has announced that it has decided to make a financial donation of JPY12,501,200 to support the relief activities for those facing extraordinary difficulties in Ukraine and its neighboring areas.

We are deeply concerned regarding the humanitarian crisis in Ukraine and its neighboring areas, and are profoundly saddened by the unfolding tragedy.

We have called for contributions from our members on m3.com, our specialized web portal for medical professionals, which has resulted in donations totalling JPY 6,025,600 largely from physicians. M3 has matched this amount, bringing the total donation pool to JPY 12,051,200, which will be handed to charities such as the Ukrainian Humanitarian Crisis Relief Fund run by the Japanese Red Cross Society.

We sincerely pray that this crisis will swiftly come to a close, and that peace will be restored in Ukraine and around the globe.
